 **Infinity**®

TECHNOLOGY • PERFORMANCE • DESIGN

HIGHLIGHTS

- 2-Way 133mm (5-1/4") compact wall-mountable bookshelf loudspeaker
- Graceful, low-profile design, inspired by the Infinity Cascade™ Series – an ideal complement for today's high definition flat-panel monitors
- High-frequency drivers that extend frequency response up to 40kHz to accurately reproduce today's high-definition digital sources
- Built-in wall-mounts

A higher truth, beautifully expressed.

Infinity Classia™ loudspeakers share a heritage of technological and design excellence dating back 40 years. In multichannel home theater systems and stereo systems alike, they bring real power and exceptional sonic fidelity to both movies and music, elevating the home entertainment experience to a new level of realism. Infinity Classia loudspeakers deliver the resonance-free, full-spectrum performance needed to accurately reproduce today's high-definition digital sources. And their graceful, low-profile design, inspired by the Infinity Cascade™ Series, makes them an ideal complement for today's high-definition flat-panel monitors.
